Illuminated ghosts

Instructions No. 1849

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Ghosts are simply part of **Halloween**. Would you like to make another scary decoration for the Halloween season? Our ghosts are just the thing! With only a few materials these creatures are created and with a chain of lights they shine spookily beautiful.

Blow up as many **balloons** as you want to create ghosts. Now tear the white **Straw silk paper** into small pieces or cut them up. Coat the balloon with **paste** and stick the pieces of the balloon on. Straw silk paper Repeat this until you have glued 3 layers Straw silk paper on the balloon. Let it dry for about 24 hours.

When everything has dried well, cut a small hole in the balloon. The balloon can then be removed. For the end of the indicated garment, crumple something together Paper , form and glue it with and paste Straw silk paper to the balloon. Put a **string of lights** into the ghost, fix the battery compartment outside with hot glue. Glue the face on as desired

Using a needle, pull a **nylon thread** for suspension through the top of the ghost.
