Working time: 3 Hours

This inspires young and old - create 24 great **Window Fantasy pictures** for the advent season. You can colour them as you wish and decorate one on your windows every day. Thus a gigantic window picture results when hung up next to each other. Painting with Window Fantasy inspires children over and over again and with this idea you will have additional fun every day to apply the motives! Create an impressive, transparent one **Advent Calendarfor the window.**

To paint the Advent Calendar:

First download the **free motif template** and print it out. Place the printout underneath the **foil** and then back into a transparent sheet so that the sheet cannot move

Before you begin to colour the designs, cover your work surface to prevent contamination. Now you can use black contour paint to paint all contours and let them dry. The drying time of the contour paint is about 2 hours, but depends on the thickness of your drawn line

Then decorate the surfaces with the **colours** you want. If necessary, use a bamboo stick to distribute the colours in the surfaces. Once you have painted all the surfaces, the paint should dry for at least 24 hours. Once everything is dry, you can carefully peel the motifs from the film and apply them to your windows or doors day after day

When Christmas is over, you can simply remove the motifs from the windows. Then you have space again to create spring-like motifs with **Window Fantasy** and attach them to your windows.
