Colourful Shampoo Bars

Instructions No. 2715

Difficulty: Beginner

Working time: 2 Hours

Pour colourful shampoo bars with nourishing additives. These can also be wonderfully gift-wrapped in tissue paper.

Ingredients for shampoo bars:

200 g Pouring Soap, white
75 ml water
2 tbsp coconut oil
1 tbsp soap lather concentrate
10 drops of essential oil (can be varied as desired)
4 drops of soap colour per mould

First melt the pouring soap and then add water and coconut oil.

After everything has melted, add the soap foam concentrate and essential oil to the mixture and mix everything together.

Pour the liquid mixture into the moulds. Now you can add soap colour to taste and spread it in lines, for example with a skewer.

After 24 hours, you can remove the shampoo bars from the mould and wrap them in tissue paper as desired.

Must Have

VBS Pouring soap, white, 300 g

Skin neutral

11,20 CHF (1 kg = 37,33 CHF)
