Instruction: glue animal lanterns with straw silk

Instructions No. 1061

With only little effort you can quickly create funny animal figures from lanterns and Straw silk paper . This handicraft instruction contains a template with the help of which the heads of rabbits, chickens and sheep can be made. The funny chicken, sheep and Easter bunny motifs belong in every Easter decoration and are also a welcome gift idea

And it is as simple as that:

How can I make animal figures as luminous table decorations?
First of all, small lampion lampshades are covered with Straw silk paper . Napkin glue. is particularly suitable for this purpose. Then the faces, heads and rabbit's feet are transferred from the template to Craft cardboard sheet and cut out.

Using a fine black pencil, each face from Craft cardboard sheet is now individually provided with eyes, eyelashes, whiskers and noses. As soon as faces and feet with eyes and contours are finished, they are glued to the lampshades with the help of Napkin glue . Already now the four journeymen look wonderfully cheeky. Chickens and

rabbits get that certain something by decorating with some Feathers and a narrow Satin ribbon . At the end, simply put small LED tea lights in the lanterns.

How do I transfer Painting templates?
There are several ways to transfer templates. It is especially easy to work with carbonless paper. This Paper is placed between the painting template and the craft paper or cardboard. The contours of the template are traced with a ballpoint pen or embossing pen and thus transferred.

Extra handicraft tip
If the LED tea lights do not fit into the lanterns, it is advisable to cut the ring of the affected lanterns a little bit with a side cutter

Must Have

VBS Lampion lampshades

Content: 10 pieces
Diameter (outside): 9 cm
Material: Paper

20,40 CHF
