Anleitung: "Black & White" - Leinwand im angesagten Schwarz-Weiß-Look

Instructions No. 1146

The current decoration trend in the living area is currently Black-White. Whether candles, pictures or cushions - the trendy colour combination is popular with young and old. In these instructions we would like to show you how you can decorate a pretty canvas with the lettering "Black & White" in just a few steps.

And it's that easy:

How do I decorate the boxes with ornamentation?
Prime three of the four bottom boxes with Acrylic paint in white. Two lids each are painted with black Acrylic paint . When everything has dried well, transfer the white lid outline to black photo cardboard and the black lid outline to white photo cardboard. Then glue the photo cardboards from the inside into the lids with simple Handicraft glue and finally put everything together

How do I create the decorative image with the letter?
Use a ruler to draw a large "H" or any other desired letter on a cardboard. Then wrap the letter with jute cord and hot glue. As background serves a tray, which is primed from the inside with white and from the outside with black Acrylic paint . Then take the tray upright and fix the letter in the middle with hot glue.

How do I decorate the round Wooden discs with Jute coating?

wipe each with white and black Hobby Color paint over a jute surface of the wooden disc. after drying, stamp the pattern onto the white disc with the stamp pattern and the cushion. Then take the black wiped disc and decorate it with Stencil and white Hobby Color paint. Finally, glue the jute cord with hot glue around the form

How do I create the board with the coat hooks?

Take a wooden frame and mark the place where the hooks should be at regular intervals. Then drill holes in the wood with a 5mm drill bit and screw the knobs on. Then glue the napkin motif onto the middle of the knobs with Napkin glue . Grooves and contours are traced with Edding. Apply the masking tape above the knobs and you have an individually designed coat hook.

How do I design the Stretched Canvas with "Black & White" lettering?

The surfaces of the Stretched Canvas should be completely coated with effect glue. The Fabric cut "Factory" is cut in half and one side of the fabric is glued to the Stretched Canvas in the opposite direction, creating two different Stretched Canvas . To give the fabric more elasticity, the ends of the fabric are also tacked on the backside. After drying, join the two frames together with connectors on the back. The basic framework of the wall decoration is now finished

How do I decorate the Stretched Canvas?

MDF letters were used for the lettering "Black & White". These are painted Black or white. The easiest way to print the "&" sign is to print it out in the computer to the appropriate size and then make it out of cardboard. The cardboard is wrapped decoratively with Jute yarn . The "&" sign is attached in the middle between the two Stretched Canvas . After drying, the painted letters can also be glued to the fabric with the Glue effect.

How do I create the 6-corner box?

Paint the boxes with Acrylic paint alternately in black and white. Allow the paint to dry well and then glue the vintage border around the outer edge

How do I decorate the heart-shaped frames?

Glue the heart with Napkin varnish and light blue Straw silk paper. Prime an oval cut-out piece of metal with white Acrylic paint and glue the napkin motif on again with Napkin varnish . Emboss the metal with a pressing tool. Emphasize the edges of the heart with Ink Pads. Glue the embossed metal into the heart. Finally, jute cord is glued around the heart as a border.
