Terrakottatöpfe fürs Bad

Instructions No. 780

Difficulty: Beginner

Why not use small, **nobly decorated Terracotta-pots to** organize your bathroom utensils! With colour, fabric and buttons you can turn the ordinary into a great Terracotta storage aid.

Here's **how it works**

Paint pots and saucers with crimson Handicraft paint and a color mixture from Grey Brown with something Beige. After drying, cut squares and strips of any size from the fabrics and plucking with the pinking shears and stick them onto the pots with Handicraft glue . The pinking shears do not give only a decorative fabric edge, and the fabric does not fray out so quickly at the edges. Finally, glue only some buttons onto the pots.
