Basic materials such as scissors, brushes, tape-Ribbon, hot glue, Napkin varnish and napkin brushes are required.

How do I make the big shelf box?

Prime the large shelf box inside light and outside grey with Chalky Vintage paint or another Acrylic-colour. Measure the width of the house and transfer this measurement to the fabric. Then cut it to size and stick it to the outside of the house with tape-Ribbon or Handicraft glue . Now select a motif on Straw silk paper and cut it out. Apply some Napkin varnish to the inside of the back wall and carefully position Straw silk paper . For further fixing, brush Napkin varnish onto Straw silk paper and let it dry through. You can decorate the inside edges of the shelf box with some flower ribbon: apply double-sided Adhesive tape along the edge and position and fix the previously cut flower ribbon (length = circumference of the inside of the box) on this Adhesive tape . As a special eye-catcher you can fix another motif of Straw silk paper on the roof of the shelf box with Napkin varnish . The shelf box was decorated with a mushroom and a heart pendant
