

Anleitung: Vogelhaus "Garden" mit Serviettentechnik dekorieren

Instructions No. 1097

If you are looking for a self-decorated birdhouse with a special look, this decoration idea might be just right for you. It is a special eye-catcher in any case. This sophisticated bird house is pasted with a Napkin and provided with a lettering. How to do this, we show you in this free handicraft instruction.

How do I proceed to edit the birdhouse with Napkin technique ?

First prime the birdhouse with white outdoor paint. Leave the roof out. Also prime the aluminum sheets white. This way, the napkin motifs will come into their own later. Now adjust the Napkin all around and carefully brush it onto the bird house with Napkin varnish . Take only and apply the top thin layer of Napkin. You can leave out or cut out the entrance hole.

Lettering made of aluminium sheet - how does that work?

Cut out the lettering "Garden" from a Napkin and glue it onto the primed aluminium sheets. Let everything dry well and then cut out the letters one by one. You can also emboss the letters with a stamping tool.

How do I put the finishing touches on the birdhouse?

Paint the roof and plinth edges of the birdhouse with a little brown paint. Also emphasize the edges of the flower at the entrance hole with a little brown.

Finally, glue the letters to the roof with hot glue and your unique birdhouse is ready.

This idea is timelessly beautiful!
