Difficulty: Beginner

Working time: 1 hour 30 Minutes

A great handicraft idea for all who enjoy Asian design. Relax with the creative design and with the sight of the self-made Asian objects.

Self-cast stones

Mix the concrete according to the product specification with a little water to a creamy mass and put it into the casting mould stones. Let the mixture dry for at least 12 hours. Then the finished stones are firm enough that they can be carefully removed from the mould.

Remove the stones from the "Stones" mould and glue them together with assembly adhesive. Paint one of the cast stones with golden colour, two further in white. After the paint has dried, glue the stones together with assembly

glue to form a stack

Coat other cast stones with VBS Napkin varnish and stick them with the top printed layer of Napkin.

Asia Boxes

Coat the inside parts of the large square box with golden paint, the bottom with white After Handicraft paint. drying, coat the bottom with Carefully Napkin place Napkin varnish. the top printed layer of the Napkin varnish.

For the middle box, prime the lid with white and Handicraft paint stick the Napkin lid on. Paint the sides of the lid with the golden paint.

The small box in turn is first primed white on the outer walls and then covered with the white glue. To achieve a contrast here as well, the complete lid of this box is finished in Gold painted.

Tip: In order for the stones to retain their attractive appearance outside, they should be additionally coated with weatherproof impregnation.
