Birdbaths made from colourfully painted terracotta pots

Instructions No. 617

Difficulty: Beginner

Design unusual flower columns and bird watering places according to your personal taste. Colourful and creative painted and ingeniously stacked, the different pots are a Coaster cheerful eye-catcher in your garden.

And so it goes

Prime all pots and saucers opaque white and allow to dry.
Tip: Seal the flower pots you want to plant from the inside with Clay sealant. before painting. This will prevent the watering water from penetrating the material and flaking off the paint. Since the Coaster are already glazed, you can do without Clay sealant here.
Paint 5 saucers for the roofs red, the other 3 for the feet colored.
Use the line-ex pen to draw windows, doors, trees and flowers on the Terracotta-pots freehand and design them with different colours.
Paint the bell pots with stripes and design them as pedestals of the houses with flower meadows.
After drying the contours with the black permanent Marker follow up.
Glue the individual pots on top of each other with assembly adhesive, starting with an inverted saucer and a bell-shaped pot
To stabilize the round bar, insert it through the holes of the pots and fix it with assembly glue.
