

Christmas window pictures with Window Color

Instructions No. 1674

🖌️🖌️🖌️ Difficulty: Beginner

🕒 Working time: 30 Minutes

As soon as the dark season begins, you spend a lot of time at home. It's the perfect opportunity to get extra creative. How about self-designed window pictures with Christmas motifs? They are quickly made and can also be designed with children.

Download the **free motif template** and print it out. Before you start painting, you should cover your work surface properly to avoid contamination. Simply slide the printed sheet into a **clear plastic wallet** and start tracing the outlines with **outline paint**. The drying time is about two **hours**, but depends on the thickness of the lines.

Afterwards you can colour the motifs as you wish with Windowcolor . Allow the paint to **dry for about 24 hours**, then carefully peel the motifs off the transparent cover and attach them to windows, tiles, mirrors or glass

The great thing is: After Christmas is over, the motifs can simply be removed from your windows and decorated with new window pictures.
