

Create a rust effect on decorative objects

Instructions No. 1515

🔪🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 20 Minutes

Whether Rust or moss - the current decoration trend is towards **Shabby Chic**. New objects are trimmed to old ones and give your decorations their very special charm.

Many decorative objects for **garden and terrace** are designed in the current **Rust look** and give the environment a rustic **look**.

Expensive money spent on rusty decoration objects was yesterday, because now there is the **EasyRust Paste** and the **EasyRust Liquid**! How you can easily create the rusty effect for your decorative objects yourself, we will show you in these instructions

Rust-Optics self-made!

To design the decorative objects with the Rust-paste you need Easy **Rust paste in the colours Rusty Brown and Rusty Red** as well as the **Easy Rust Liquid**

To apply the paste and the liquid, a thick brush and the VBS Paint sponge.

And here's how it works:

1. Apply the **dark Rust paste in the colour Rusty Brown over a large area of** your decorative object. You can apply it with a thick brush or sponge. Let the paint dry. You can also blow-dry the paste to speed up the drying time.
2. Now apply a **second layer of rust paste in the colour Rusty Red** and let it dry as well.
3. Put some Easy Rust Liquid in a bowl and dab and wipe the **liquid along the edges**. A rustic effect is created and the typical Rust-look is perfect!
