Crochet Bread Basket with Romantic Rose Fabric

Instructions No. 604

Difficulty: Beginner

This bread basket in country house style is made of coarse Jute yarn crochet and gets its stability from figure wire. With an inlay of romantic rose fabric it will decorate every breakfast table.

Here's **how it works**

Basket bottom

Crochet 4 air stitches with Jute yarn and crochet hook size 7.0 mm, form a ring with one stitch. Continue crocheting in spirals, i.e. without closing every single round with a warp stitch. Mark the beginning of the rows with a coloured thread.

Crochet 8 firm stitches in the ring, then double each stitch.

In the next round double every 2nd stitch, then every 3rd stitch, every 4th stitch, etc. until the desired size of the bottom is reached. Then cut the Jute yarn and stitch the thread.

Tip: With the strong Jute yarn it is easier if you crochet only in the back stitch link. This also gives you a nice relief pattern

Side walls of the basket

Put on the beginning of the figure wire and crochet with pink Cotton yarn and crochet hook size 4.0 with firm stitches around the plate from Jute yarn . Crochet a firm stitch with cotton in each stitch from Jute yarn , crochet an air stitch between the firm stitches.

In the following rounds crochet the fixed stitches always between the fixed stitches of the previous round.

After 5 rounds cut the figure wire with a strong side cutter, but leave the pink Cotton yarn hanging.

Now crochet 2 rounds with Jute yarn and crochet hook size 7.0, then again 2 rounds with crochet hook size 7.0 and Cotton yarn.

At last crochet a round of firm pink stitches around the edge as a finish

Pull all threads inwards, fix the end of the figure wire under the bottom with hot glue.

For the **lining from** Cotton fabric measure the inner diameter as well as the circumference and height of the basket and cut a corresponding circle and rectangle with 1 cm seam allowance from the fabric

Sew the rectangle around the circle, missing the ends

Fold an approx. 7 cm wide strip of fabric lengthwise to the left and sew it around the inlay in approx. 4 cm wide folds.

The **bottom of** the crochet basket is crocheted in rounds.

By crocheting **figure wire into** the side edges the basket gets its strength.

Dear sewer, as fabrics are seasonal goods and we always want to have trendy fabrics in stock for you, it can happen that the sewn fabric is no longer in our range.

In our fabric section you will find a large selection of great fabrics. Click **here** to discover **all the fabrics**.
