Create stylish crocheted napkin rings from raffia

Crochet is a great way to create something unique and functional. With these instructions, you can create stylish crocheted napkin rings from raffia that will add a touch of elegance to your table setting and be a talking point at your next dinner. The instructions are easy to follow and also suitable for beginners.

For the crocheted napkin rings, you will need Paper raffia and a 6.0 crochet hook.

Step 1: Forming the starting sling

To begin with, you need an initial loop. To do this, form a small "pretzel" from the end of the raffia yarn. Insert the crochet hook through this loop, pick up the thread and pull it through to form the first stitch.

Step 2: Crochet chain stitches

Now crochet 15 chain stitches. These are the basic stitches that form the basis of your napkin ring. When you are finished, join the first and last stitches with a slip stitch to create a circle.

Step 3: Sl stitches for the ring

Crochet four rounds of slip stitches. The crochet hook is inserted into the next stitch and the loop pulled out is pulled through the loop on the crochet hook. This technique ensures a firm, clean result. The best way to hide the beginning and end of from raffia is to pull it through between the stitches using a 3.0 crochet hook.

Step 4: Add the napkin

Now your napkin ring is ready! Fold a cloth napkin and place it in the ring. If you like, you can sew the napkin yourself. To do this, cut out a 40 x 40 cm square, add a 1.5 cm seam allowance and hem the edges neatly.
