

Drachen als Deko-Leuchte

Instructions No. 109

This Friesian Tree Dragon shines in a wonderful autumnal colour. A miniature chain of lights makes sure of that, which provides many small points of light on the colourful one

Glue the small pieces of straw silk as a colour gradient on the frieze tree. Lamp foil. The frieze tree does not only serve as a stable backbone for the kite in this handicraft idea: here you also attach the chain of lights!
