Festive craft ideas for your personal occasion

Instructions No. 1750

Difficulty: Beginner

Working time: 5 Minutes

These self-designed **invitation and menu cards** are made in a very short time. They can therefore also be made in large quantities without too much effort and still look noble and unique. The **Watercolor optics** and the **natural cardboard** are absolutely contemporary and look very natural.

The crafting of the cards and the gift box is not only fun, it already prepares in a pleasant way for the important family celebration

Holiday cards from Kraft paper

To make the invitation or festive card look particularly noble on natural Kraft paper paper, choose a craft paper **with an effect Pearl-in your** personal favourite colour Take a sheet and Paper from Scrapbook blockcut a sheet Pearl-Paper about 5 mm smaller than the size of the card

Invitation card with Jute ribbon

The Pearl Handicraft paper is first stuck to the front of the double card. The motives "dove", "fish" and "chalice" are stamped. Take the Clear Stamp motif silicone stamp, place it on the holder and stamp the motifs on coloured Paper.

Cut the motifs into small square cards. Now tie a jute ribbon around the front part of the double card and close it with a small decorative bow. The cut motif cards are glued Glue pads onto the ribbon with 3D. Then the card is labeled

Classically beautiful

In addition to the double card from and Kraft paper the noble cover page in Pearl-Optics only a piece of a Organza ribbon, small cross as an accessory for sticking on and a black calligraphy pen. This Organza ribbon is wrapped around the cover card, fixed on the back with glue. As soon as this is fixed on the nature card, the small cross is glued on as an eye-catcher. Test the writing and message on a notepad and then write on the card.

Holiday cards with watercolor effect

The beautiful watercolour effect on the cards is created with a simple blob of paint. The paint simply Paper drips on the drop. Blow the liquid paint in different directions. The noses and color blobs dry on the white card or envelope to the individual color gradients.

Gift box in blue

The personal gift will go down particularly well in an attractive Watercolor chip box. For this purpose, the box with **Watercolour** painted and then simply **decorated** with something and Jute ribbon **accessories**

The **gift tag** "Just for you" is made with Raysin casting compound: Casting powder is mixed with water, poured into the casting mould "Pendant round", let it harden for about 20 minutes. The mould can then be removed and marked. Please also read the **1552 "Basic Casting Design Instructions".**

A small present for the guest

Prepare a treat for your guests and give away a little something on the festive day. The **gift folding box** will be delivered with the festive decoration in Pearl-Optics and Paper-accessories decorated.

Design example, made with the alternative color rosé
