First aid bag

Instructions No. 3035

Difficulty: Beginner

Working time: 1 hour

A **first aid bag** is an important accessory for your journey. The **Cricut** makes it easy to design this stylish bag. So you always have everything you need for your next trip to hand. Also nice and practical for your handbag, in the car or for the children's bag.

It's as simple as that:

Plot:

Create a lettering in Cricut Design Space. Follow the program's instructions to cut out the words. It is important that your design is cut out and that you mirror it before plotting, as we are working with iron-on foil. The iron-on film is placed face down on the mat. (the top side is the shiny side with the transparent protective film on it).

The following instructions refer to the use of a PC with Windows operating system. For mobile devices and other operating systems, the arrangement of the buttons may differ. The designations remain the same.

1. open the Cricut Design Space app and create a lettering.

2. Select a font of your choice and the size of the font. You can set the font size at the top of the bar or drag the text field larger - hold down the "Ctrl" key to enlarge the field evenly.
3. Select your text fields and click on "Mirror" - "Mirror horizontally" at the top of the bar.
4. Then go to "Create" at the top right and select the mat and mat length immediately afterwards.
5. Now finally arrange your fonts on the mat view.
6. Cut your iron-on foils to size and place them on the mat with the shiny side facing down.
7. Connect your plotter and insert the mat.
8. Click on "Continue".
9. Now follow the plotter's instructions, insert the mat and start the plotting process.

Remove the film around the words so that only the words are still on the backing film. Your motif and the lettering are now only still attached to the protective film. Place these on the cosmetic bag and iron them on at a medium setting. It is normal for this process to take some time. Remove the protective film and iron over the design and lettering again with a cloth.
