Here's **how it works**

In the first step, the Coloured paper is tailored. For the cover you need a square of 21 x 21 cm, and 20.5 x 20.5 cm for the box
Now you can upload simple patterns or words to Paper with the edding gloss varnish-Marker paint on. Through the folding, later on parts of the painting appear
Before folding the paint should be dried. Now fold the Paper according to the following ten steps:

Material: Bastelkarton oder Tonpapier (150g/m²) in folgender Größe: 21 cm x 21 cm für den Deckel der Box, 20,5 x 20,5 cm für die Box, edding Lackmarker, Lineal, Schere.

... und fertig ist Ihre ganz persönliche Geschenkverpackung!
