Working time: 1 hour 30 Minutes

These **cheeky monsters** are not only a great **window decoration** for **Halloween**. With our **free templates**, young and old alike can easily make the monsters and decorate their windows. All you have to do is cut them out and cover them with vellum paper - and the little monsters are ready to go.

Let's go! This is how the monsters are made:

You can easily download our **free templates** for the cheeky monsters. Then transfer the templates to the black **craft cardboard** sheet and cut everything out. Now you can glue the monsters on and hang them up.

Another option is to transfer the motifs twice and cut them out. Stick the **vellum paper** between the two motifs so that the light shines through the coloured paper and the monsters appear to glow colourfully.
