Icy Beautiful Card + Box

Instructions No. 2338

Difficulty: Beginner

Working time: 3 Hours

Create **great cards** and **gift boxes** for your loved ones! Our duo of card and boxes are eye-catchers and will please everyone! The highlight of the card - a box is integrated on it, in which small surprises have room.

How to make the card & box:

Download the **template**, place it on the felt and cut out the polar bear.

Choose a **card** from the block and fold the chosen side in half. Then glue the polar bear onto the cards and decorate it as you like. We chose to cut him out of turquoise felt, a hat and a scarf.

Next, we chose a **small box** to decorate the card and painted it with craft paint. Cut a piece out of the card depending on the size of the box you have chosen.

Paint another box with **craft paint**.

Now decorate the card and box as you wish. You can add a **pompom border, decorative ribbon** and **stickers**. You can also create bamboo skewers with stickers and stick them into the boxes and arrange them on the card.
