Leuchtende Glasvasen mit buntem Acryl-Mosaik

Instructions No. 920

Difficulty: Advanced

Working time: 45 Minutes

Beautiful glass vases for your home. The colourful optics and the light radiate cosiness and let you relax. You can perfectly accommodate your ideas in the design and decorate them with all kinds of things. It is best to use great flowers and grasses.

And here's how it works:

First, clean the vase with ordinary washing-up liquid. Then use the crepe-Adhesive tape to tape the vase for the frost-Effect paint

Then apply the Frost-Effect paint with the Paint sponge and let it dry.

Then remove the crepe-Adhesive tape again

Now put the vase in the cold oven and heat it up to 160°C. When the temperature is reached, bake the vase for 30 minutes, then let it cool down in the oven. The mosaic tiles are glued to the edge of the vase and to the frost effect edge with the Glue effect and with the help of tweezers. Occasionally also spread on the frost effect area

Finally, you can decorate the vases with a fairy lights or decorative flowers.
