

Lichterbogen mit Serviettentechnik

Instructions No. 1858

Difficulty: Beginner 

Working time: 45 Minutes

This Light arch shines in the winter and Christmas season. He was [Napkin technique](#) and then decorated with small decorative elements and a chain of lights. A great decoration object that can be placed on a windowsill or a chest of drawers.

First prime the **Light arch** with **white** . **Paint sponges** are excellent for applying the paint, as the paint can be spread over a large area without brush strips. Let the paint dry completely before proceeding to the next step.

Cut the **Napkin** so that it covers the entire surface of the light arch and carefully remove the unprinted layers of the wetting Napkin. agent Napkin . Napkin If you are not completely satisfied with the positioning, you can Napkin simply remove and reposition them. Use a soft brush to apply **Napkin glue** on. This should always be painted from the inside out so that the thin napkin layer does not tear. Let the glue dry

Use a pointed object to remove the Napkin holes that are **intended** for the fairy lights. There you can fix the lights and if necessary **fix them additionally** with some hot glue

Finally, glue the **houses and firs** to **the** stand and decorate them with decorative snow **and snow.Diamond** Of course, other miniatures can also be decorated as desired on the stand area.
