Maritime Schatztruhe „Glück Ahoi"

Instructions No. 1604

Difficulty: Advanced

Working time: 45 Minutes

Treat yourself to a "fresh breeze" in the bathroom: The solidly processed treasure chests made of plywood are ideal as maritime storage boxes, for example for toiletries or for personal jewellery.

The pretty wooden boxes can be made in a short time with Napkin and stenciling technique.

Primer

Both wooden chests are equipped with VBS Hobby Color primed in ivory colour. Wipe into the still damp paint with a painting sponge Handicraft paint in Grey Brown . This creates the pretty shabby look of the treasure chests.

Napkin technique

The Napkin "Glück Ahoy" provides the perfect lettering. The motif is cut out of the Napkin and freed from the lower paper layers. With **Napkin varnish** and a brush, the uppermost printed layer is glued to the treasure chest, and the torn edges conceal the transition, which is then covered with **Handicraft paint** is adapted to the primer.

Colour design with Painting stencils

The compass rose and starfish can be **Painting stencils** simply painted on the treasure chests. For this purpose, the corresponding Stencil is simply positioned at the previous position. So that Stenciling succeeds particularly well without "running color under the Stencil" take **up** only little Handicraft paint with a dry sponge swab brush **and** dab these gradually on the motive of the painting template

One around the box wrapped and knotted **Cotton cord**which is fixed with hot glue and decorative shells give your maritime treasure chests that certain something.
