Maritime Terracotta Gnomes

Instructions No. 2698

Difficulty: Beginner

Working time: 5 Hours

Terracotta pots are part of spring. With these instructions you can easily make beautiful and at the same time funny maritime terracotta gnomes.

First, prime the 7cm clay pots in white and then paint the stripes horizontally with red and navy blue. You can use masking tape to help here and mask them off accordingly. The 6cm clay pots are painted in turquoise blue. Next, paint the wooden hemispheres in antique rose, navy blue and red. You can also paint the rings accordingly. The wooden hemispheres in antique rose are glued as a nose to the upper edge of the striped clay pots. The other two go on the turquoise "hats" so that the holes are covered.

For the beards, glue on the fairy tale wool and cut to size with scissors. The fairy tale wool should be glued on with hot glue for a better hold. Then the caps can be glued on. Now glue on the scatter pieces and the maritime gnomes are ready.

For further decoration, the rings can be wrapped with the bamboo yarn as shown so that you have two lifebuoys. The box is primed in white to match, lined with the fishing net and the lifebuoys placed decoratively.
