Mother's Day Gift Box

Instructions No. 2824

Difficulty: Beginner

Working time: 1 hour

Say THANK YOU to your mother. With this beautiful and simple gift box you will make the best mother a huge joy.

As a first step, string the beads into different bracelets. Here you can choose the colour combination very creatively.

For the next step, prime the chip box white and then paint a heart on the lid. Once dry, outline the heart with the Micron Liner. Now cut a piece of photo cardboard and label it with the Micron Liner. You can add white accents around the edge. For the 3D effect, now glue the piece to the box lid with 3D adhesive pads.

If you wish, you can also decorate the box with glued-on beads at the end.
