## Instructions No. 973

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 30 Minutes

This noble wedding card made of high-quality cardboard is in the classic colors of love. In the filigree details such as flowers, doves, rhinestones and the Organza ribbon you will find traditional wedding elements. The punching templates used can be used for all common punching and embossing machines and thus enable you to give this card for your dream wedding a very refined, personal touch.

### And it's that easy:

**Map:** Punch the frame out of red Craft cardboard sheet, Fold in the cut-out and accentuate the edges with the Ink Pads. Cut the embossed cardboard. Glue the red cardboard against the white embossed cardboard. Fix the tape-Ribbon in the middle of the embossed cardboard and place the Organza ribbon around it so that it protrudes by approx. 15 cm. Now punch out the frame, the birdcage and 2 x the flower tape from the embossing cardboard. Use Craft Punch to punch some flowers and a text field with the dimensions 9 x 11, whose edges you round off.

**Inside:** Stick the punched out red inner frame into the white field behind and the birdcage onto the solid red frame. Glue the text field onto the card. Thread the lace into the grid of the flower ribbon and stick it with the tape-Ribbon into the card. Glue the punched out flowers first one above the other and then on the flower tape.

**Outside:** Emphasize everything at the edges with the Ink Pads Glue the frame on the embossed cardboard and across it the frame cut-out. Put another flower on the side of the frame and decorate everything with rhinestones, which you can also apply inside the card as you wish.
