Rustic wicker wreath with natural elements

Instructions No. 928

This wreath adorns the door and gate. With its natural, rustic elements and the two deer heads it is a perfect decoration in autumn and winter time. Use it as a door wreath or place it decoratively on your table and place a Wind light, in the middle. The scent of the cinnamon sticks will soon spread its pleasant smells in your house.

And it's as simple as that

Wipe over one side of the wreath and the edges of the deer head with the white paint. When dry, wrap the felt cord around the wreath. Divide the cinnamon sticks in the middle with a saw and wipe up some white paint here too. Glue on the sticks, cones, bark discs and the bark of the tree. Position the Wobbly eyes and arrange the deer heads decoratively before fixing them with hot glue as well. Now attach the Organza ribbon as a suspension and hang the acorns in the wreath.
