Schränkchen mit Sortierboxen im Landhaus-Stil

Instructions No. 992

You know what that is? You always need small things like paper clips, thumbtacks or erasers - only where to put them? This is the solution. In this drawer box you can arrange and stow everything clearly arranged. Everything is ready to hand and the boxes with Board paint can also be quickly described as a note with chalk.

And it is as simple as that:

Stamp with the letters on some boxes the contents. Use for this absolutely the other Ink Pads, because the enclosed is made for sucking undergrounds like Paper and does not hold on the box material. On some other boxes apply the tape-Ribbon , with these you fix the lace bands and the buttons. Now apply Board paint in several layers on the rest and let it dry. Then put everything back into the drawer tower.

This idea is timelessly beautiful!
