

Serviettenteknik Anleitung - Holzkorb Nordisch

Instructions No. 779

Already by its heart-shaped cutouts this wooden basket is perfectly suited for the country house look. With the matching Napkin design it becomes a piece of jewelry.

And so it goes

Prime the wooden box with a Paint sponge beige primer.

Rip Napkin four big hearts out of the basket, cut out the red-white borders.

Remove the two white layers of paper and stick the printed layer onto Napkin varnish the wooden box.

Cut four hearts out of the Napkin rough cut, glue Craft cardboard sheet the printed paper layer Napkin varnish onto the white one. Cut out the hearts after drying with a little bit of addition and paint the backside beige. Then glue them behind the cutouts in the wooden box with UHU Contact power glue.

Wipe over the outer surfaces Handicraft paint with a sponge, emphasizing the edges with the dark brown one.

Finally, stick the red Satin ribbon one with tape-Ribbon on the edge and over the borders.
