## T-shirt with napkin

## **Instructions No. 1618**

Difficulty: Beginner

Working time: 30 Minutes

Embellish your T-shirts or other **clothing and** accessories with the popular **Napkin technique**. Very easy to implement and very decorative.

Cut out the desired motifs of your Napkin and remove the two unprinted layers of the napkin motifs.

Now you can place your motifs on your garment

This is especially easy if you <u>spray</u> the motifs with <u>temporary spray glue</u> beforehand. So nothing can slip anymore.

Paint over your motifs with **Napkin varnish for textiles and** your work is ready!
