Unicorn invitation card

Instructions No. 3062

Difficulty: Beginner

Working time: 1 hour

Here we provide you with simple, free **instructions** for a cute, cool **unicorn card** that you can use as an invitation card for a children's birthday party or for a first day at school! It takes very little effort to make and is sure to put a smile on children's faces.

This is how you design the card:

First, print and cut out the **templates**.

transfer 2 x template A (ear) and 1 x template C (horn) to the **photo cardboard** and cut everything out.

Transfer template B (inner ear) 2 x and template D (mouth) 1 x onto the "**Paper-Mix Irisierend Crispy rainbow**" and cut out.

Glue the individual parts together with **handicraft glue** the colored inner ear parts onto the photo cardboard ears and glue alternating colored strips of iridescent paper onto the horn (template D) and then cut out the horn again.

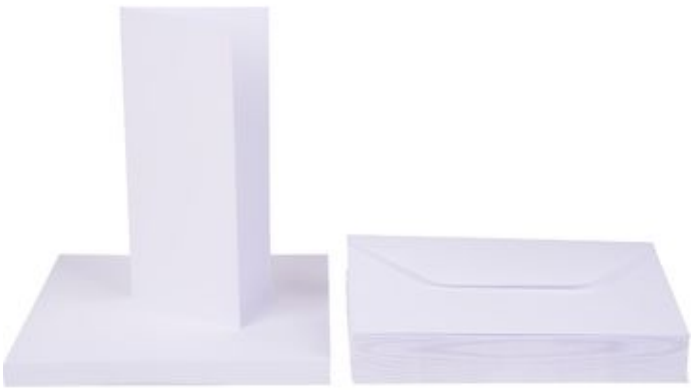

Stamp the lettering "Invitation" on a piece of photo cardboard and cut it out. Cut out a slightly larger strip from the Paper-mix and stick the lettering onto it. Stick this to the top edge of the card. Then fix the ears, horn and mouth to the card using handicraft glue . Draw on the eyes, nostrils and mouth with a **black marker**.

Use the **VBS craft punch "Flower"** punch out several flowers and stick two on top of each other. Glue a half pearl in the middle and then glue the flowers onto the card.

Tip: The flowers also make great table decorations.
