VBS Handicraft set "Spring gnomes"

Instructions No. 2709

Difficulty: Beginner

Working time: 1 hour 30 Minutes

What do gnomes actually do when spring is approaching? Quite simply - they dress up in fresh spring colours and spend the lengthening days as spring gnomes. And preferably in a shady spot surrounded by flowers. Make colourful spring gnomes and decorate them in plant pots, flower arrangements and more. Or make someone happy with this cute harbinger of spring.

1. Paint the terracotta pots in spring colours as you like. There are no limits to your imagination: add stripes, dots or (as in our example) small flowers after the base colour has dried. These were simply dabbed on with the back of the brush handle. You can also use a bamboo skewer or similar.

2. Now transfer the motifs onto the felt. A so-called "line-ex" pen is very suitable for this, as its colour disappears after a while - this way you get a clean result. Then cut out all the pieces with fabric scissors.

3. Glue the smaller beard part onto the larger beard part with a little hot glue and glue the complete beard onto the front of the terracotta pot.

4. For the hat, first apply a thin strip of hot glue to one of the straight edges and then roll up the felt into a bag. The felt strip is then glued as a brim around the bottom edge of the hat.

5. Now place the finished hat on the terracotta pot, fix it with a little hot glue at the front and back and shape it. Just place the pompom nose - and the happy spring gnome is ready. Have fun making it!

Must Have

Terracotta pots, Inside-Ø 5 cm, 10 pcs.

Content: 10 pieces
Diameter (outside): 5.7 cm
Height: 5 cm
Material: Terracotta

6,20 CHF
