

Weatherproof Frog Garden Balls

Instructions No. 1142

plant pot. The two funny frogs in this

door Color?

and wooden stick is put into this socket and

and ribbon needed. Furthermore, toothpicks
to the big plastic ball you need a drill.

are glued into the balls with hot glue. The next

are now halfway through the process with

with a black outline and painting pupils on

outdoor paint from VBS Hobby Service

The made eyes are inserted into these holes

ly under the plastic ball

The coloring of the balls is especially good with painting sponges!
