Instructions No. 1688

Difficulty: Beginner 

Working time: 15 Minutes

Light Boxes are beautiful contemporary decoration ideas. Transform a simple cardboard frame into a "Winter Wonderland" with only little material.

Fantastically beautiful Christmas light

Prime the [cardboard frame](#) with white paint. With a little decorative snow you give the frame a special Christmassy atmosphere.

Paint the wooden font Winter Wonderland with dark blue and gold paint. Hang it with a nylon thread in the cardboard frame and fix it

Then **stick** star foil on the back of the frame **and** **sprinkle** the floor with diamond snow according to your personal taste. If the floor is coated with glue beforehand, the snow is securely fixed.

Finally, arrange small fir trees [in the showcase](#).

Cardboard frame "House"

You wish for another winter light box? We [created](#) the alternative "Let it snow" using the cardboard frame ["House"](#) [and the plotter](#) machine Silhouette Cameo 3
