

Winter scene with metal ring

Instructions No. 2672

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 4 Hours

Are you looking for a special decoration for the winter and Christmas season? Then we have just the thing! This wintry scene combines nature like tree slice and dried flowers with light, wooden miniatures and metal ring. All materials together make an impressive decoration for your home.

Create a winter scene with metal ring

Prime the wooden craft kit with white craft paint. When dry, paint the edges in the colour orchid.

After the drying time you can assemble the house and the church, use some craft glue to fix if necessary. Place both on the wooden base and put the glass dome on top.

Attach the LED metal ring to the back of the tree disc with hot glue.

Place the glass dome with base on the tree disc, stick some dried flowers to the metal ring with hot glue, spread more flowers on the tree disc.

Paint some stars with craft paint in white and silver. When dry, glue them to the metal ring and to the tree disc with hot glue.
