## Beach Sandals

### KNOTS USED:

Lark's head knot  
Scalop knot  
Square knot

### PREPARING OUR WORKSPACE

To carry out this work, it is advisable to do it by hanging the hoop from a macrame frame, rack or coat rack, or any part of your house with light where you can hang it.  
When working with such long ropes, it is preferable to hang them high, and work standing or sitting.

### BEFORE STARTING

Cut 12 ropes (80 cms each) and 3 ropes (20 cm each).

### STEPS (X2)

**STEP 1:** place the 12 cords with **lark's head knot** on one of the 20 cm cord.

**STEP 2:** with one of the 20 cm cord as a guide, work one row of **scalop knot**.

**STEP 3:** Work one row of **square knots**.

**STEP 4:** work another round of square knots, don't work with the first 2 threads, and the 2 lasts.

**STEP 8:** sew the macramé to the espadrille sole.

**STEP 5:** Repeat steps 3 and 4 and then the step 3 again.

**STEP 6:** cut the cords, undo one by one and brush them. The final measure should be 1,5 cm.

Note: Due to the fact, that Crafty Fine yarn is recycled from colour-assorted textile material and not re-dyed there can be slight variations in color and thickness. We therefore recommend buying enough yarn for your project. We also advise to use a crochet needle without handle, which is easier to work with. The first stitches might be a little bit hard to work, but you will soon get used, and the final result is worth it.

**STEP 7:** hide the guides with the hot glue gun in the reverse work.

#### WASHING ADVICE

Always wash in as warm a water temperature as possible - up to the temperature recommended, with a short spin. Use a lot of water if hand washing. For darker colours we recommend the use of discolouration sheets. Do not bleach.  
Do not tumble dry. Drip-dry on a horizontal surface.  
Iron on a hot temperature setting using a damp cloth.  
Professional dry cleaning in tetrachloroethylene.
